Sprint 4 Report

Product Name: Share Yourself Artists
Team Name: SYA Team Flutter
Sprint Completion Date: 12/2/18

Actions to STOP doing
- Our team should stop allowing the Product Owner change the Sprint Plan at a whim. This scrum smell eventually caused us to become confused during development times due to the lack of clarity in workflow.
- Our team should stop

Actions to START doing
- Our team should start sticking to the original Sprint Plans that we created in the beginning of the Sprint. This will help us improve workflow so that we are not confused on what we should be working on.
- Start to keep track of Task completion more closely. We can write off User Stories more clearly if these are attended to more often.

Actions to KEEP doing
- Our team would keep meeting during planned hours. This late into the quarter and development, each team member got a good sense of each other's schedules, and it became easier to plan times to meet.

Work completed/not completed
- **Completed:**
  - **User Story 1:** As a user, I would like to have a dashboard where I can view my artworks and submit them to businesses. (3)
  - **User Story 2:** As an artist, I would like to view my credit balance after a submission. (2)
  - **User Story 3:** As a business, I would like to receive credits. (3)
  - **User Story 4:** As a business/artist, I would like to update my profile when necessary. (3)

Work completion rate
Total number of user stories completed: 2
Total number of estimated ideal work hours:
    3 hours/day * 5 days/week * 2 weeks * 4 team members = 120 hours
Total number of days during prior sprint: 14
